“Curve” – flexibility with a concept

“Curve” is made of 3 mm strong galvanised steel with a high grade powder coating. This guarantees great stability and corrosion-resistance.

During the development of “Curve”, special attention was given to the mobile usage. Thus all components can be stored in an extremely space-saving way. Simple and swift to install, “Curve” is the perfect equipment for outdoor areas, events and catering.

buffet stand “Curve”					
galvanised steel, 3 mm thick, white (powder-coated), not dishwasher-safe

“Carbon 4.0”

buffet display “Carbon 4.0”			
carbon fibre (chips), black, high-gloss, bottom side closed, splashproof, not dishwasher-safe			
item	l x w x h in cm	€/pc	€/pc new
8207.24	24x24x24	~~798,00~~	149,00
8207.36	24x24x36	~~949,00~~	145,00

“Carbon 4.0” upgrades this innovative material made of carbon fibre to a new level!

Contrary to “V12”, which contains a woven carbon fabric, these displays consist of fibre chips which are pressure-grouted and embedded in synthetic resin. The result is a completely new look of the classic carbon material. Depending on the incidence of light, the displays sparkle in dark and light shades, the depth effect and brilliance of the high gloss surface intensifies this effect enormously.

“V12-Carbon”

8205.36	24x24x36	~~649,90~~	159,90

“Pearl”

The unique look of the “Pearl” buffet displays is achieved by the processing of high-grade shell imitations molded into polyresin.

This is why each cube is an individual item and might vary in its form and structure. The displays are the outcome of highly sophisticated handicraft. Each piece is sanded until it becomes extremely thin and then customized to the desired shape. Thereafter, the single pieces are arranged into an elaborate herringbone pattern. In order to guarantee the necessary stability of the displays, the inside is made of fibreglass and the outside of high-gloss artificial resin. Whether with or without illumination, the pearly coloured displays are outstanding in every light!

buffet display “Pearl”
high-quality shell imitation, mother-of-pearl effect, washable, bottom side open, hollow inside, with 4 resin feet for easy placing of cables for LED-light item 8104

“Antique”

LED-light with cable, item 8104...

For permanently installed buffets which are not dismantled on a daily basis, it is recommended to use the LED-light with cable item 8104.

The standard light is white; the alternative colours blue, yellow, green and red can be chosen by using the precisely fitting plastic covers items 8105... (available as accessories).

A set consists of 3 lights and the matching power supply, which can be fitted with a total of 6 lights. All cables are white. The power cable of the light has a length of 3 metres, which is enough to stow away adapter and power supply safely and invisibly under the buffet table.

item	version	PU	€/set	€/pc new
8731	light colouring	1 set	~~94,20~~	9,90

They are light but robust, flexibly usable and can be stored in a space-saving way. With its use as a display on the buffet, during coffee break or as a platter for fruit or little somethings in the hotel room – “Podia” offers multiple possibilities for use and flexible handling!

All parts of this series consist of form-glued authentic wood veneer. The bridges are available in two types of wood. The light version harmonises very well with mundane but also with rustic-style furnishing, the version with the black-brown stripes appears exotic and modern.

Thermo bowls “Shine”

The stainless steel bowls of the “Shine” series are double-walled and therefore have an insulating effect. This helps to prevent water condensation – even at higher temperatures. Cold food stays cold and warm food stays warm longer.

The accentuated contrast between the highly polished outside and the coloured finish on the inside makes that series an eye-catcher.

Please note:
When cleaning the coated bowls (ivory and taupe coloured) in the dishwasher, the coating at the rim might abrade in the course of time. Therefore it is recommended to clean these items by hand.

"Kibu"

"From the merely comparable to the extraordinary" was the guiding principle during the development of the "Kibu" coat rack. The rack is made of massive European hardwood and has a dark brown hue. The bottom plate made of 8 mm strong, satined stainless steel creates a pleasing coll contrast to the warm aura of the solid wood and simultaneously provides a very safe and steady base. The 16 bolts, which can be used to hang many jackets and other pieces of clothing, are also made of stainless steel, relating to the material of the base. Rolling lines and surfaces unite harmoniously and fit unobtrusively to every style of furnishing. Offering a high degree of functional usefulness, combined with extraordinary design – "Kibu" is both an item of daily use and a design feature.

coat rack "Kibu"

solid wood, dark stained, foot: stainless steel (brushed), adjustable base for firm positioning on most surfaces
