“Curve” – flexibility with a concept

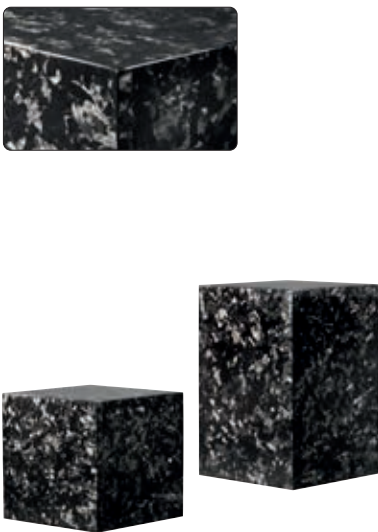

“Curve” is made of 3 mm strong galvanised steel with a high grade powder coating. This guarantees great stability and corrosion-resistance.

During the development of “Curve”, special attention was given to the mobile usage. Thus all components can be stored in an extremely space-saving way. Simple and swift to install, “Curve” is the perfect equipment for outdoor areas, events and catering.

buffet stand “Curve”					
galvanised steel, 3 mm thick, white (powder-coated), not dishwasher-safe					
item	l x w x h in cm	PU	€/pc	€/pc new	€/PU
8311.22	27x27x22.5	2 pcs	<del>49,90</del>	14,10	28,19
8311.46	27x27x46.5	2 pcs	<del>97,90</del>	25,60	51,19

“Carbon 4.0”

buffet display “Carbon 4.0”			
carbon fibre (chips), black, high-gloss, bottom side closed, splashproof, not dishwasher-safe			
item	l x w x h in cm	€/pc	€/pc new
8207.24	24x24x24	<del>798,00</del>	129,90
8207.36	24x24x36	<del>949,00</del>	143,90

“Carbon 4.0” upgrades this innovative material made of carbon fibre to a new level! Contrary to “V12”, which contains a woven carbon fabric, these displays consist of fibre chips which are pressure-grouted and embedded in synthetic resin. The result is a completely new look of the classic carbon material.

Depending on the incidence of light, the displays sparkle in dark and light shades, the depth effect and brilliance of the high gloss surface intensifies this effect enormously.

“Pearl”

Please note:

For an intense and all over illumination, we recommend the usage of 3 LED-lights per display. The lights are available in the main catalogue on pages 46 and 47.

buffet display “Pearl”			
high-quality shell imitation, mother-of-pearl effect, washable, bottom side open, hollow inside, with 4 resin feet for easy placing of cables for LED-light item 8104 (available in the main catalogue on page 46; please order separately)			
item	l x w x h in cm	€/pc	€/pc new
8220.08	38x38x8	<del>438,00</del>	124,90
8220.16	38x38x16	<del>545,00</del>	147,90
8220.24	38x38x24	<del>639,00</del>	159,90

The unique look of the “Pearl” buffet displays is achieved by the processing of high-grade shell imitations molded into polyresin. This is why each cube is an individual item and might vary in its form and structure. The displays are the outcome of highly sophisticated handicraft. Each piece is sanded until it becomes extremely thin and then customized to the desired shape. Thereafter, the single pieces are arranged into an elaborate herringbone pattern. In order to guarantee the necessary stability of the displays, the inside is made of fibreglass and the outside of high-gloss artificial resin. Whether with or without illumination, the pearly coloured displays are outstanding in every light!

“V12-Carbon”

buffet display “V12”			
carbon fibre (fabric), high-gloss, black, not dishwasher-safe, splashproof, bottom side closed			
item	l x w x h in cm	€/pc	€/pc new
8205.24	24x24x24	<del>563,10</del>	159,00
8205.36	24x24x36	<del>649,90</del>	189,90

buffet platter			
carbon fabric, 6 mm thick, break-proof, not dishwasher-safe, rectangular, edges deburred, silk-glossy surface			
item	l x w in cm	€/pc	€/pc new
8009.13	95.4x39	<del>524,00</del>	139,00

High-quality carbon fabric is set in synthetic resin and pressed with a middle layer of high-strength special foam. This process guarantees excellent stability with low thickness and low weight! The elaborate twill weave of the fabric ensures a racy look with a great depth effect.

They are light but robust, flexibly usable and can be stored in a space-saving way. With its use as a display on the buffet, during coffee break or as a platter for fruit or little somethings in the hotel room – “Podia” offers multiple possibilities for use and flexible handling!

All parts of this series consist of form-glued authentic wood veneer. The bridges are available in two types of wood. The light version harmonises very well with mundane but also with rustic-style furnishing, the version with the black-brown stripes appears exotic and modern.

**buffet bridge “Podia”, triple pack**

The melamine tray “Slope” is characterised by its unobtrusive shaping and the pleasant feel of the matt and finely structured surfaces. An elevated corner and the resultant asymmetry award the tray that certain something.

Besides the obvious function as a service tray for espresso, cocktails, snacks and more it also performs well in the hotel bathroom or as a decorative trivet in the hotel room. The robust raw material melamine complies with demands of everyday use like food safety, dishwasher resistance as well as stackability.

"Kibu"

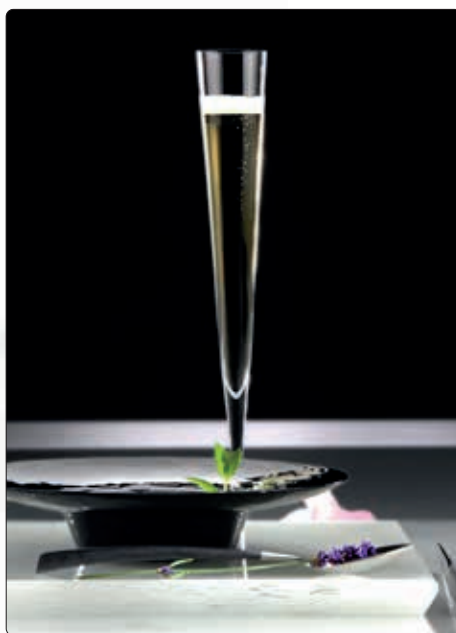

"From the merely comparable to the extraordinary" was the guiding principle during the development of the "Kibu" coat rack. The rack is made of massive European hardwood and has a dark brown hue. The bottom plate made of 8 mm strong, satin stainless steel creates a pleasing contrast to the warm aura of the solid wood and simultaneously provides a very safe and steady base. The 16 bolts, which can be used to hang many jackets and other pieces of clothing, are also made of stainless steel, relating to the material of the base. Rolling lines and surfaces unite harmoniously and fit unobtrusively to every style of furnishing. Offering a high degree of functional usefulness, combined with extraordinary design – "Kibu" is both an item of daily use and a design feature.

#### coat rack "Kibu"

solid wood, dark stained, foot: stainless steel (brushed), adjustable base for firm positioning on most surfaces
